The Farmington Hills Marketing Team at Mercedes-Benz Financial Services recently participated in the annual beautification and maintenance efforts, sponsored by Rebuilding Together of Oakland County.

Volunteers were split into two teams, with each spending an entire day working on the homes of two Farmington Hills senior citizens. At the first home, 25 volunteers primed and painted a bridge, garage and barn, and weeded all areas around the home. At the second home, 12 volunteers primed and painted the garage, pulled ivy off the house, and painted two handicap ramp railings.

“Taking part in this event was an incredibly positive experience,” said Vince Garcia, Marketing Operations Specialist. “There is a great sense of accomplishment and satisfaction in helping people in the community. I know that the homeowners were extremely appreciative of our efforts.”

Rebuilding Together of Oakland County (RTOC) brings volunteers and communities together to provide free housing repair and neighborhood revitalization to people in need. Since it was established in 1992, RTOC has rehabilitated close to 600 homes and non-profit facilities throughout Oakland County.
